Micro-Mist

Professional surface disinfecting system

- The Micro-Mist surface disinfecting system is a complete solution for quickly disinfecting surfaces and touch-points in facilities and public areas.
- The Micro-Mist system provides the operator with a compact, powerful package for quick application of Microsan and Clensan disinfecting solution in a fine mist to interior floors, carpets, upholstery and multiple types of surfaces and touch-points.
- With a 15 litre solution tank and 250 psi solution pump, the Micro-Mist will effortlessly apply disinfecting solution over large areas with its 70 micron misting gun connected to a 7.6 m industrial solution hose with brass quick connects.
- The on-board tool caddy system simplifies transporting the Micro-Mist to the job location with all tools and chemical necessary to complete the surface disinfecting job in one trip.

FEATURES

- Durable, light-weight, compact body with folding handle
- Top mounted chemical tray, misting gun holster, and large rear wheels for easy transport
- 250 psi pump, optimal rate of solution dispensing for maximum productivity
- 15 litre solution tank for larger coverage, reducing downtime from needing to refill solution
- Exclusively designed for use with D500 Microsan and B125 Clensan solutions
- 37" commercial tough misting gun for extended reach to high and low areas with ease
- Atomizing spray tip provides 70 Micron droplet size for finer misting and better saturation control with in-line filter to minimize clogging
- **Free package of 4 x 5L D500 Microsan, 2 x 5L B125 Clensan, 1 x LH4301 Comfort mask and 1 pair blue nitrile gloves supplied with each machine.**

SPECIFICATIONS

Solution tank	15 litres
Run time	1.1 hours continuous
Solution pressure	17.2 bar (250 psi)
Mist particle size	70 Micron VMD
Solution hose	7.6 m (25 ft)
Tank construction	Polyethylene
Wheels	Rear stair climbing 18 cm (7") non-marking
Front castors	6 cm (2.5") non-marking
Power cable	7.6 metres (25 ft)
Weight	16.3 kilos
Dimensions	70 x 64 x 40 cm (h x l x w)
Warranty	2 years on tank, 1 year on parts
