# willmop 50

The TSM Willmop 50B Vertical Scrubber Dryer range brings together the high power and performance of an industrial scrubber dryer with the mobility and flexibility of a floor mop.

Features include: 360° steering, on-board refill hose, stand-by mode, 4 bumper wheels, front LED lights, energy-saving mode and optional Ecoray® system.

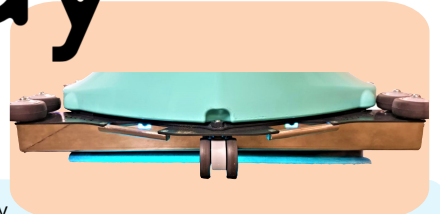

Specification: 1H Run Time • 2100M<sup>2</sup>/H • 350RPM • 5.5L/7L Tank Capacity  
• 50CM Scrubbing Path • 21KG. Comes with Polypropelene Brush as standard.

NEW129-9100-2000-0	Standard	Each
NEW129-9100-2020-0	Ecoray	Each
25 CM Drive Board		Pack 2

## What is ecoray

Ecoray is an autonomous blue light system mounted onto the machine which uses wavelength 'C' of the UV spectrum. It affects the DNA of micro-organisms, destroying their cells and making reproduction impossible. In this way, micro-organisms become inactive and harmless.

Eliminates bacteria & mould - reducing transmission of diseases & also reduces symptoms of allergies and asthma.

Dramatic reduction of facility downtime and cuts the cost of detergents and chemicals.

Doesn't pollute the environment and improves air quality.

No exposure to chemicals or disinfectants.

**Disinfect your floors without the use of harmful chemicals**
